

COVID-19 COMMUNITY SURVEY

CONGRESSWOMAN JOYCE BEATTY

EXECUTIVE SUMMARY

Our community, state, and nation are facing the most serious public health crisis in generations due to the COVID-19 Pandemic. Over 110,000 Americans have lost their lives, tens of millions of workers are out of a job, small businesses across the country are shuttered or struggling, and many Americans are worried about what the future holds. As your Representative in Congress, my role is to be a strong and leading voice for my constituents by ensuring your concerns help inform national policies. My COVID-19 Community Survey helps me accomplish that goal by providing direct insight from my constituents dealing with the personal, professional, and financial fallout of the global pandemic. Thank you to those who participated in the Survey, and I am pleased to present the results.

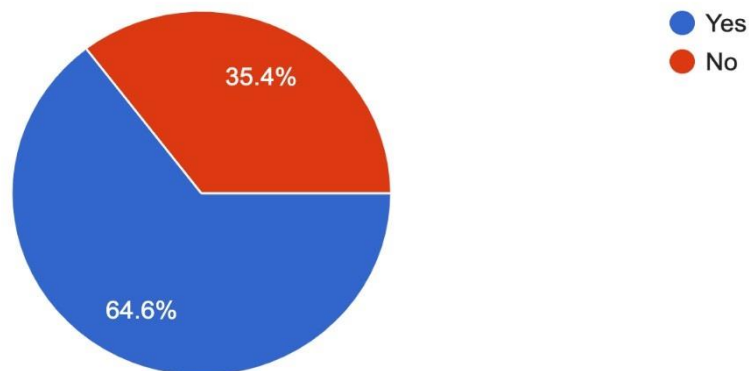

Sincerely,

**Member of Congress
Ohio's Third Congressional District**

SURVEY FINDINGS

1. Have you been financially impacted by the Coronavirus Pandemic?

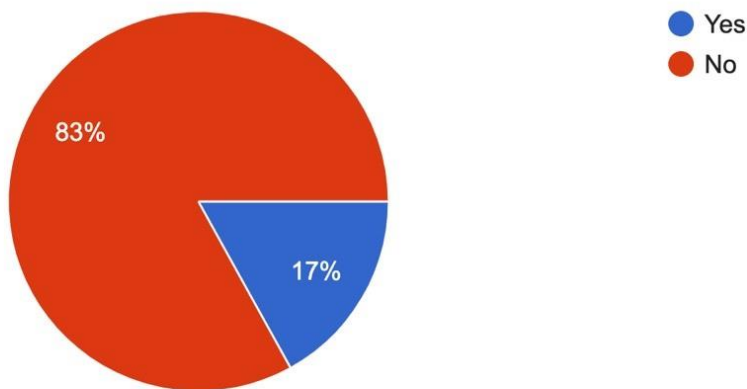

2. Have you received an economic impact payment from the IRS?

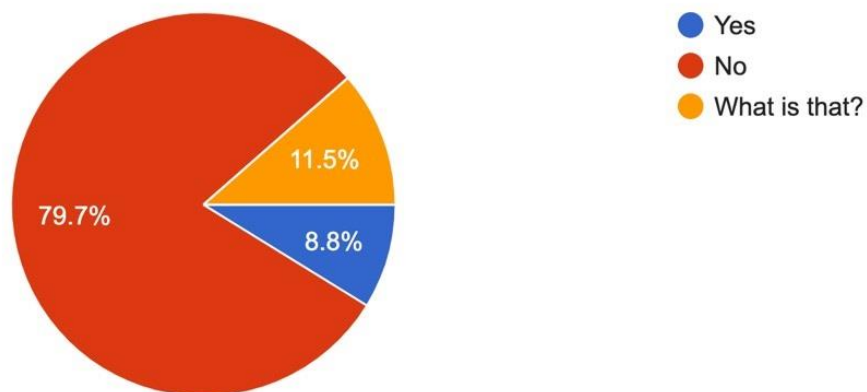

3. Are you a small business owner? (If NO, skip to question #6)

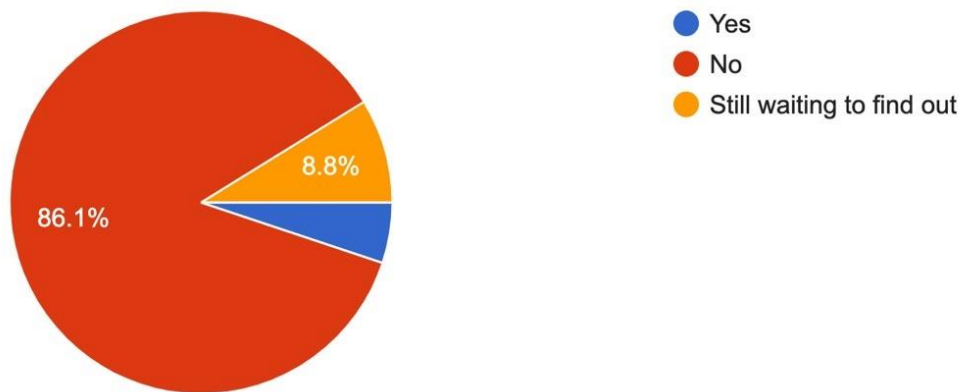

4. If YES, did you apply for the Paycheck Protection Program (PPP)? (If NO, skip to question #6)

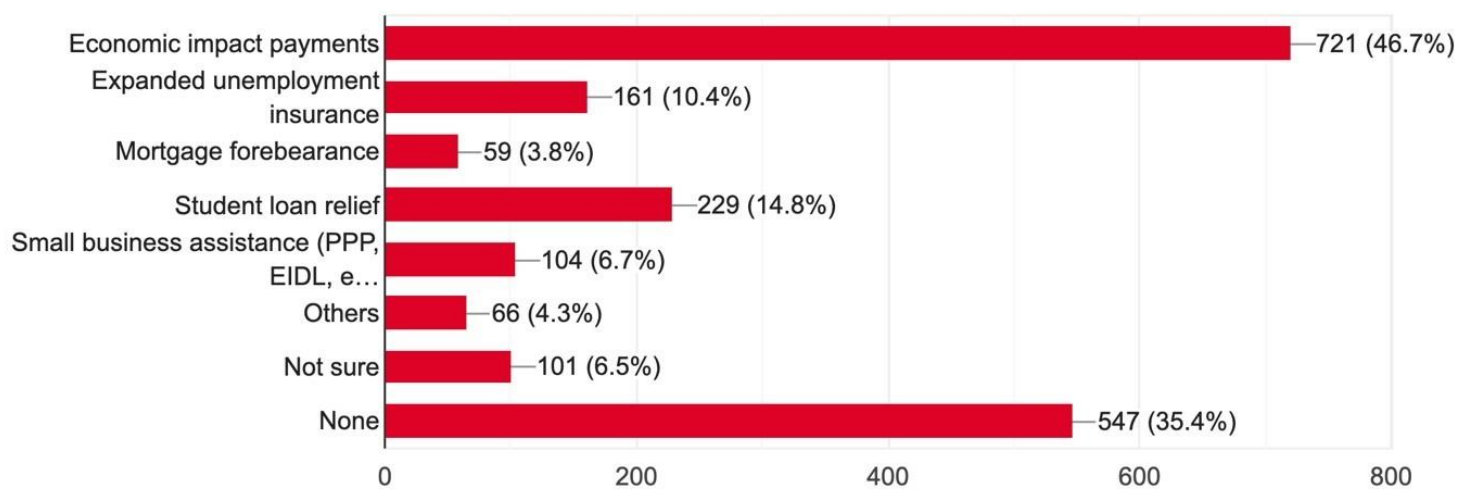

5. If YES, did you receive PPP funding?

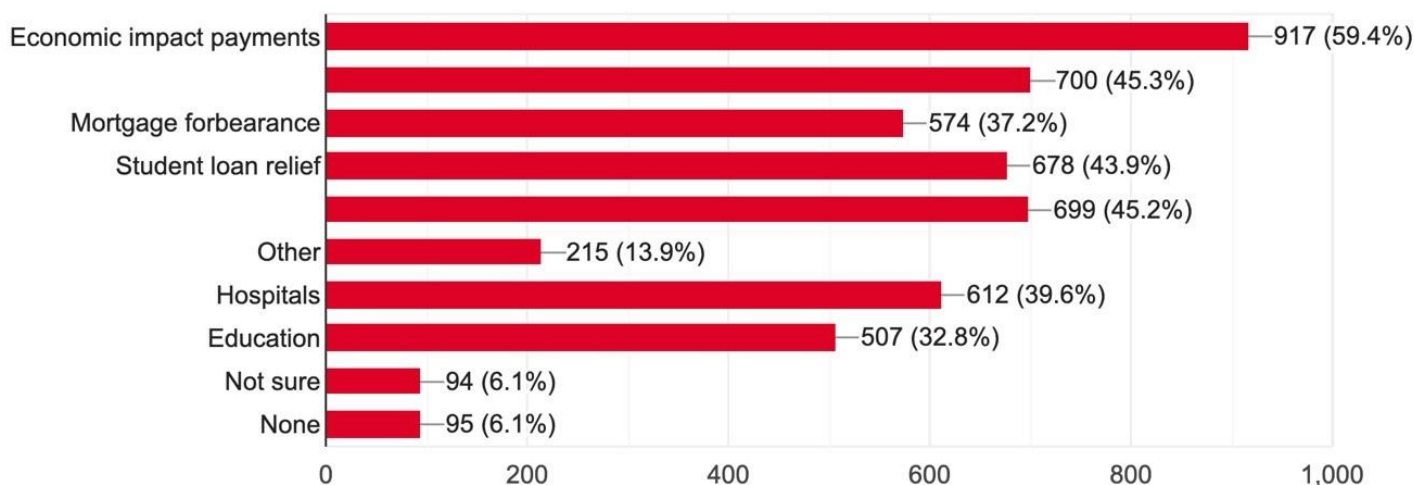

6. Which CARES Act Programs (if any) have helped you and/or your family?

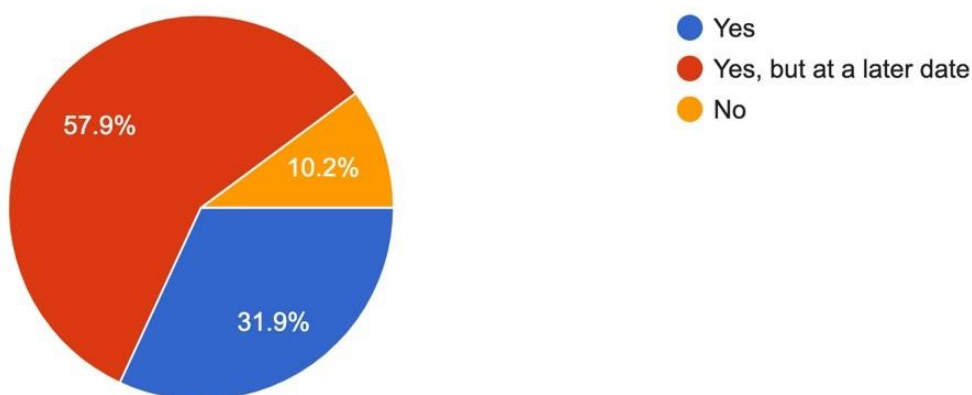

7. What should Congress (if any) provide additional funding for in the next coronavirus response bill?

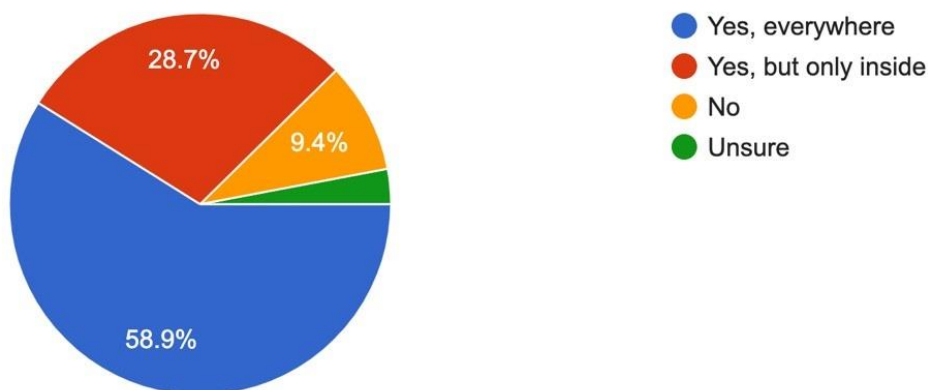

8. Do you support the 'Responsible Restart Ohio' plan (re-opening businesses)?

9. Do you support wearing a mask (face covering) in public spaces?

METHODOLOGY

The survey was distributed on May 11, 2020 to 193,426 unique emails of constituents living in Ohio's Third Congressional District. 1,545 responses were gathered over the course of one week (seven days) following delivery. In addition to the preceding nine questions, respondents were asked to include any additional thoughts, concerns, and/or feedback. This information is not highlighted because many respondents provided personal, identifiable information that cannot be shared with the general public.

QUESTIONS/ MORE INFORMATION

Please contact Congresswoman Beatty's Communications Director Dominic Manecke: dominic.manecke@mail.house.gov or (202) 225-4324.
